

*The novelty from « Le Café de Paris ». Capsule coffee, designed for
Nespresso coffee machine*

Many people love coffee, but very often they don't have enough time in order to prepare a high-quality and tasty coffee drink. What to do in a situation where you wish to enjoy a real aromatic and high-quality coffee in case of time shortage? We want to represent you the novelty of " Le Café de Paris " in the Armenian market.

Lungo, Espresso, Ristretto

Coffee beans of our company are imported from the best coffee plantations of the world - from Ethiopia, Colombia, Costa Rica, Honduras, Cameroon and a number of other countries. Each of the products has its own taste and roasting degree. The undeniable advantage of our capsule coffee, is that, being encased

in a sealed capsule, coffee retains its exquisite taste and aroma until it is consumed. The process of coffee making does not require much effort - just one pressing on the the coffee machine's buttons and the fragrant coffee is ready for use. Coffee lovers will easily find their favorite taste.
